

ST200GB

**No more ironing, adopt the steamed/wore !
SMALL, NICE, SMART and EFFICIENT**

Discover the ST200GB model !

The ST200GB handheld steamer steams all your outfits in no time at all.

Ready in 30 seconds, its 2 LED lights will tell you when the steamer is ready for use.

The ST200GB's invisible 140ml water tank with push system gives the ST200GB a more compact design. It slips easily into a suitcase to accompany you on your travels. Easy to handle, removing wrinkles from your clothes will become a real pleasure every day.

Its suction hook can be fixed anywhere in the room to hang the clothes that you will steam directly on the hanger.
